INITIAL BELOW

_____ In consideration for having water service initiated/restored at the above address, I agree that someone will be on the property to check for leakages. The City is not responsible for water damage to this property or its contents. I have been advised to turn off any private cut off valve. Once application is processed, it may take up to 1 business day to initiate/restore water service. Any additional trips to property will be assessed a \$35 trip charge.

_____ All water/sewer/trash bills are due and payable by the close of business on the 25th of each month. If the bill is not paid by this date, an automatic 20% late charge will be added to the past due balance and the total bill amount becomes due by the close of business on the 3rd day of the next month following the billing date. If a past due amount is shown on the bill, the full amount due must be paid or service will be discontinued without further notice. An additional \$35 service charge will apply for any account unpaid by the close of business on the 4th day of the month. Failure to receive a bill does not entitle delayed payment. There will be a \$25.00 charge for all returned checks. Applicant is responsible for all charges until applicant has requested service to be terminated in his/her name.

_____ I understand and hereby agree: (1) falsification of any of information may result in disconnection of service without notice; (2) failure to pay in accordance with City's policies will result in disconnection; (3) all water going through the meter is the customer's responsibility—any leaks that are repaired may be given a cost adjustment for sewer portion upon submittal of repair receipt & verification; (4) failure to pay final bill will result in submission to collections – I will be responsible for all late charges and collection costs; (5) no one living in my household has an outstanding balance owing the City; (6) water is temporarily connected until application approved; (7) deposits refunded after settlement of the final bill; and (8) all qualifications and agreements hereto apply fully for any and all successive addresses for which applicant transfers to within district.
